

Alex Morgan

Product Designer

Brooklyn, NY · alex@example.com · alexmorgan.design

Profile

Product designer turning complex problems into thoughtful, approachable experiences. Six years of building digital products with collaborative teams, from the first research conversation to the details that ship.

Experience

Senior Product Designer 2022 – Present
Northstar Studio / New York, NY

- Led the redesign of a workspace used by 40,000 customers, improving activation by 28% through research and iterative testing.
- Built a shared design system of 60 components with engineering, reducing design-to-development handoff time by 35%.
- Partnered with product and engineering to ship accessible, responsive experiences across web and mobile.

Product Designer 2019 – 2022
Fieldwork / Remote

- Designed end-to-end onboarding for a new collaboration product, taking the experience from concept to public launch.
- Conducted 30 user interviews and translated findings into a focused roadmap with the product team.

Selected project

Common Ground 2024
An independent directory connecting local communities with shared spaces. Designed the identity, interactive prototype, and responsive website.

Education

BFA, Communication Design 2015 – 2019
Parsons School of Design / New York, NY
